# THE MOVES THAT MATTER

**Dr. Lisa Meyers**  
simplyachieve

Join Lisa Meyers as she presents this interactive workshop addressing your grade level (K-3 on Monday and grades 4-8 on Tuesday) as you explore

- What standards are new and may be most challenging for students to learn and/or you to teach?
- What instructional implications do these changes present?
- What assessment implications do these changes present?

As is usual with Lisa's workshops, you will walk away with a wealth of knowledge and learn instructional strategies and activities that will assist in teaching and learning this content – applications that can be used the day you return to your classrooms!

Registration info attached. Team rates apply so gather your coworkers for an exciting, interactive day of MATH!
